## CORPORATE OVERVIEW

### ABOUT US

Neelam Garments is India's Largest Supplier of High Thread count and High-end bedding all over the world. We are Manufacturing for companies like Ikea in Europe, Line Source, Macys, Walmart in USA and Bombay dyeing in India.

Welcome to the world of High Thread count Luxurious bedding. High Thread count bedding is used in all the western countries as it is considered to be the status symbol for the riches, as the higher the count the better the fabric. Neelam Garments is India's 1st company to Launch High Thread count bedding as we believe India is no longer behind and the Indian standards and quality matches that of the other western countries and we should deserve better than the rest.

What exactly is thread count? It is simply a measure of how many threads warp (lengthwise) and weft (widthwise) are woven into one square inch of fabric. The thread count of "standard" cotton. The one which is being used by most of the company is 150 Thread count, some company use around 180 Thread count Improvements in spinning and milling technologies have pushed up the numbers, thread counts up to 1200. Fine lines begin with Higher Thread count, to get higher Thread count you require high quality of the cotton that depends on the length of the individual fibers the longer the staple the better the cotton longer staples can be combed finer to remove small fibers allowing the cotton the spun into finer textured with more tensile strength and woven into a softer more lustrous and luxurious fabric.

Some of the people using High Thread Count: Bill Gate, Donald Trump, Brad Pitt, Angelina jolie, Calvin Klein.

Independent Auditor's Report

To the Members of  
Neelam Linens And Garments (India) Limited

**Report on the Audit of Financial Statements**

**Opinion**

We have audited the accompanying financial statements of **Neelam Linens and Garments (India) Limited ("the Company")** which comprises of the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss, statement of Cash Flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its Profit and cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report.

We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Management's Responsibility for the Financial Statements**

The financial statements are the responsibility of the Company's management. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of the financial statements that give a true and fair view of the financial position & financial performance in accordance with the accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with provisions of the Act for safeguarding the assets of the company and for preventing and detecting the frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial controls, that are operating effectively ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of financial statements that give a true and fair view and are free from material misstatements whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibility for the audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs specified under Section 143(10) of the Act, will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in the aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

**NOTES TO THE FINANCIAL STATEMENTS**

**General Information**

The Company was incorporated on September 22, 2010 as a Private Limited Company. The Company Carries on the business of manufacturing & trading of cotton made ups.

**1 Summary Of Material Accounting Policies**

**1.1 Basis of Preparation of Financial Statements**

The Financial Statements are prepared and presented in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis of accounting. GAAP comprises mandatory accounting standards as specified in the Company (Accounting Standards) Rules 2014, the provisions of the Companies Act, 2013. Accounting policies have been consistently applied in preparation and presentation of financial statements

**1.2 Use of Estimates**

The preparation of Financial Statements in conformity with the generally accepted accounting principles requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Management believes that the estimates and assumptions used in the preparation of financial statements are prudent and reasonable. Actual results could differ from those estimates. Any difference between the actual results and estimates are recognized in the period in which the results are known / materialize. Any revision to accounting estimates is recognized prospectively in the current and future periods.

**1.3 Presentation & Disclosure of Financial Statements**

All assets and liabilities have been classified as current & non-current as per company's normal operating cycle and other criteria set out in the Schedule III of the Companies Act, 2013. Based on the nature of services and time between acquisition of assets for rendering of services and their realization in cash and cash equivalents, operating cycle is less than 12 months. However, for the purpose of current / non- current classification of assets and liabilities, period of 12 months have been considered as normal operating cycle.

**1.4 Property, Plant and Equipment and Depreciation**

- i. Property, plant and equipment are stated at cost of acquisition / construction less accumulated depreciation and accumulated impairment losses, if any. Gross carrying amount of all property, plant and equipment are measured using cost model.
  - ii. Cost of an item of property, plant and equipment includes purchase price including non - refundable taxes and duties, borrowing cost directly attributable to the qualifying asset, any costs directly attributable to bringing the asset to the location and condition necessary for its intended use and the present value of the expected cost for the dismantling/decommissioning of the asset.
  - iii. Parts (major components) of an item of property, plant and equipments having different useful lives are accounted as separate items of property, plant and equipments
  - iv. Subsequent expenditure related to an item of property, plant and equipment are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing PPE, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.
  - v. Property, plant & equipment are eliminated from financial statements either on disposal or when retired from active use. Assets held for disposal are stated at net realizable value. Losses arising in the case of retirement of property, plant and equipment and gains or losses arising from disposal of property, plant & equipment are recognized in the statement of profit and loss in the year of occurrence.
  - vi. Depreciation
    - Depreciation on property, plant and equipment is provided on a Written down value (WDV) over their useful lives which is in consonance of useful life mentioned in Schedule II to the Companies Act, 2013
    - Depreciation methods, useful lives and residual values are reviewed periodically, including at the end of each financial year and adjusted prospectively.
    - In case of assets purchased, sold or discarded during the year, depreciation on such assets is calculated on pro-rata basis from the date of such addition or as the case may be, upto the date on which such asset has been sold or discarded.
- Gains or losses arising from derecognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

Useful life considered for depreciation are as follows :

Assets	Useful life (In years)
Air conditioner	5 Years
Plant and Equipment	15 Years
Furniture and Fixtures	10 Years
Computer	3 Years
Vehicles	10 Years
Mobile	5 Years
Motor Car	8 Years
Generator	15 Years

**CIN: U17299MH2010PLC208010**  
**NOTES TO THE FINANCIAL STATEMENTS**

**1.5 Intangible Assets and Amortisation**

Intangible assets are recognized only if it is probable that the future economic benefits attributable to asset will flow to the Company and the cost of asset can be measured reliably. Intangible assets are stated at cost of acquisition/development less accumulated amortization and accumulated impairment loss, if any.

Cost of an intangible asset includes purchase price including non - refundable taxes and duties, borrowing cost directly attributable to the qualifying asset and any directly attributable expenditure on making the asset ready for its intended use. Intangible assets under development comprises of cost incurred on Intangible assets under development that are not yet ready for their intended use as at the Balance Sheet date.

**1.6 Leases**

Lease arrangements where risks and rewards incidental to ownership of an asset substantially vest with the lessor are classified as operating lease.

Rental expenses on assets obtained under operating lease arrangements are recognized on a straight-line basis as an expense in the Statement of Profit and Loss over the lease term of respective lease arrangement unless there is another systematic basis which is more representative of the time pattern of the lease

**1.7 Impairment**

The carrying amounts of assets are reviewed at each balance sheet date for any indication of impairment based on internal / external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Based on the assessment done at each balance sheet date, recognised impairment loss is further provided or reversed depending on changes in circumstances. After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the property, plant and equipment is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on a systematic basis over its remaining useful life. If the conditions leading to recognition of impairment losses no longer exist or have decreased, impairment losses recognized are reversed to the extent it does not exceed the carrying amount that would have been determined after considering depreciation / amortization had no impairment loss been recognized in earlier years.

**1.8 Investments:**

Investments that are readily realizable and intended to be held for not more than a year from the date on which such investments are made are classified as current investments. All other investments are classified as long-term investments. On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. If an investment is acquired, or partly acquired, by the issue of shares or other securities, the acquisition cost is the fair value of the securities issued. If an investment is acquired in exchange for another asset, the acquisition is determined by reference to the fair value of the asset given up or by reference to the fair value of the investment acquired, whichever is more clearly evident. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Long term investments are carried at cost. However, provision for diminution in value of long term investments is made to recognise a decline, other than temporary, on an individual investment basis.

Investment transactions are accounted for on a trade date basis. In determining the holding cost of investments and the gain or loss on sale of investments, the 'weighted average cost' method is followed.

**1.9 Inventories**

i. Raw materials and components, packing materials, consumables, stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

The Cost comprises of costs of purchase, duties and taxes (other than those subsequently recoverable) and other costs incurred in bringing them to their present location and condition. Cost is determined on First In First Out / Weighted average / Specific Identification basis.

ii. Work-in-progress / Finished goods are valued at lower of cost and net realizable value. Cost includes direct materials valued on weighted average / First In First Out / Specific Identification basis, conversion costs (i.e. costs directly related to the units of production), appropriate proportion of manufacturing overheads based on normal operating capacity and other costs incurred in bringing them to their present location and condition. Net realizable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessary to make the sale.

iii. Stocks in trade (Traded goods) are valued at lower of cost and net realizable value. Cost includes direct materials valued on weighted average / First In First Out / Specific Identification basis, and other costs incurred in bringing them to their present location and condition.

iv. Scraps are valued at estimated net realizable value.

v. Cost of inventories is arrived at after providing for cost of obsolescence wherever considered necessary.

**1.10 Cash and Cash Equivalents**

Cash and cash equivalents include cash in hand, cheque on hand, bank balances and deposits with banks with maturity period less than 12 months (other than on lien)

**1.11 Cash Flow Statement**

Cash Flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

**(Formerly Known as Neelam Linens and Garments Private Limited)**  
**CIN: U17299MH2010PLC208010**  
**NOTES TO THE FINANCIAL STATEMENTS**

**1.12 Revenue Recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is recognized net of Goods and Services Tax wherever applicable

**Sales of Goods:** Sales of goods are recognized when significant risks and rewards of ownership of the goods have been transferred to the buyer which generally coincides with delivery and are recorded net of rebates, trade discounts and sales returns.

**Sale of Licences:** Export Incentive in the form of credit earned on exports made during the year, under DFIA /Duty Entitlement Pass Book (DEPB)/Target Plus Licenses(DFCE), Focus Product Market are accounted for at the time of sale/utilization of license due to uncertainty associated with respect to Sale/Utilization. Duty Drawback is accounted on Accrual Basis

**1.13 Other Income**

Interest income: Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.  
Other Income - It is recognised when It is accrued

**1.14 Foreign Currency Transactions**

(i) Initial recognition - Transactions denominated in foreign currencies are recorded at the exchange rates prevailing on the date of the transaction.

(ii) Conversion -As at balance sheet date, foreign currency monetary items are translated at closing exchange rate. Foreign currency non-monetary items are carried at historical cost using exchange rate on the date of transaction.

Exchange Difference Exchange difference arising on settlement or translation of foreign currency monetary items are recognized as income or expense in the year in which they arise except to the extent exchange differences are regarded as an adjustment to interest cost and treated in accordance with Accounting Standard 16- Borrowing Cost

**1.15 Retirement and other Employee Benefit**

(i) Short term employee benefit

All employee benefits falling due wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognised as an expense at the undiscounted amount in the Statement of Profit and Loss in the period in which the employee renders the related service. These benefits include short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognized as an expense during the period. Benefits such as salaries and wages, etc. and the expected cost of the bonus / ex-gratia are recognised in the period in which the employee renders the related service.

(ii) Post employment

Defined Contribution Plan :

The defined contribution plan is post-employment benefit plan under which Company contributes fixed contribution to a government administered fund and will have no obligation to pay further contribution. The Company's defined contribution plan comprises of Provident Fund and Employee State Insurance Scheme. The Company's contribution to defined contribution plans are recognized in the Statement of Profit and Loss in the period in which the employee renders the related service.

**(Formerly Known as Neelam Linens and Garments Private Limited)**  
**CIN: U17299MH2010PLC208010**  
**NOTES TO THE FINANCIAL STATEMENTS**

**1.16 Taxes**

(i) Current Tax : Tax expenses comprises of current tax, deferred tax charge or credit, minimum alternative tax and adjustments of taxes for earlier years. Provision for current tax is made as per the provisions of Income Tax Act, 1961.  
(ii) Deferred Tax : Deferred tax charge or credit reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years and are measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date.

Deferred tax assets are recognised only to the extent there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the Company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits. Deferred tax assets are reviewed for the appropriateness of their respective carrying amounts at each balance sheet date. At each balance sheet date the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax assets to the extent that it has become reasonably/virtually certain as the case may be that sufficient future taxable income will be available against which such deferred tax assets can be realized.

**1.17 Borrowing Cost**

Borrowing costs that are directly attributable to the acquisition, construction or development of a qualifying asset are capitalized as part of the cost of the respective asset till such time the asset is ready for its intended use. A qualifying asset is an asset which necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest, exchange difference arising from foreign currency borrowings to the extent they are treated as an adjustment to the borrowing cost and other costs that an entity incurs in connection with the borrowing of funds.

**1.18 Earnings Per Share**

Basic earnings per share are calculated by dividing the net profit or loss (after tax) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the period and all periods presented is adjusted for events of bonus issue and share split. For the purpose of calculating diluted earnings per share, the net profit or loss (after tax) for the year attributable to equity shareholders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Diluted earnings per share are calculated after adjusting effects of potential equity shares (PES). PES are those shares which will convert into equity shares at a later stage. Profit / loss is adjusted by the expenses incurred on such PES. Adjusted profit/loss is divided by the weighted average number of ordinary plus potential equity share

**1.18 Segment Reporting**

A reportable segment is a business segment or a geographical segment identified on the basis of foregoing definitions for which segment information is required to be disclosed by this Standard.

The basic factor for Business segment is the nature of the Services for the Company. Which is a distinguishable component that is engaged in providing an individual product or a group of related products and that is subject to risks and returns that are different from those of other business segments or as a whole Business.

The basic factor Geographical segment, for the Company, is relationships between operations in different geographical areas in terms of India and Outside India, which is a distinguishable component that is engaged in providing products or within a particular economic environment and that is subject to risks and returns that are different from those of components operating in other economic environments.

**1.19 Provisions and Contingent liabilities and asset**

A provision is recognised when the Company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value (except retirement benefits) and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources is remote, no provision or disclosure is made.

A Contingent Asset is neither recognised nor disclosed in the financial statements.

**1.20 Events after Balance Sheet**

Events occurring after the balance sheet date that indicate that an asset may have been impaired, or that a liability may have existed, at the balance sheet date are, therefore, taken into account in identifying contingencies and in determining the amounts at which such contingencies are included in financial statements
